

Alexandria Gazette

VOLUME CVII.-NO. 282.

ALEXANDRIA, VA., FRIDAY EVENING, NOVEMBER 23, 1906.

PRICE 2 CENTS.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finner Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John Kirtz, M. D., late of Cincinnati; Prof. John M. Schiller, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of other equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for five purposes, that has any more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guarantee of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glycerine extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE DISMISSED SOLDIERS.

An interesting phase of the situation arising from the order of President Roosevelt discharging without honor Companies B, C and D of the Twenty-fifth Infantry—following an array in which members of this command were involved at Brownsville, Texas—developed yesterday in New York when it became known that lawyers, acting in the interest of the Constitutional League, were now in the West taking testimony of witnesses and in other ways endeavoring to obtain exact facts.

It had been learned also that arrangements have been completed by citizens of New York, Chicago and Philadelphia for bringing East the three companies as soon as their discharge papers have been signed. The men of these companies will be clothed and cared for by a committee selected for the purpose, and plans have been so arranged that any citizen who is interested in the case and who desires to hear the soldiers' side of the story will have access to the men.

Just how long the discharged regulars will be held together in company formation has not yet been decided, but pains will be taken to see that not a single non-commissioned officer or private suffers for lack of food, lodging and eventually employment. At the present time the soldiers are at Fort Reno, Oklahoma.

There is little doubt that the league will seek legal recourse looking toward reinstatement of the discharged soldiers.

Under test of litigation the league hopes the President's action may prove not to have been well founded in law. Those at work at Fort Reno and at Brownsville have made rapid progress—so much so that the league will be in a position to make its first move at such time as it is deemed best suited to the ends in view.

The sentiment among negroes generally is that no member of the race should enlist in the Twenty-fifth Infantry while the government maintains its present attitude, and it may be said that organized efforts will be made to discourage such enlistment.

St. Paul's Topping Over.

The architect to St. Paul's Cathedral in London has made the startling discovery that the southwest tower of the cathedral is leaning 13 inches to the south and that its movement has by no means ceased. The flooding of the underground railway in the vicinity of the cathedral has made constant pumping necessary. This operation, by withdrawing the moisture from the soil, has caused a gradual subsidence of the south side of Ludgate Hill and St. Paul's churchyard.

The discovery probably will compel the abandonment of the proposed sewer near the cathedral. Experts say that the excavation for the sewer would materially increase the risk of further subsidence.

Nearly two years ago it was discovered that the cross which surmounts the dome of St. Paul's, nearly 400 feet above the ground, was three feet out of plumb, and Mr. Horenden, secretary of the London Association, then said:

"St. Paul's is built upon a foundation of potter under which is a bed of water-bearing gravel.

"Renegade that again is London clay. The danger has been caused by the gravel bed sinking owing to its moisture being withdrawn by pumping for the various tunnels in the vicinity.

"Beside St. Paul's Cathedral, the Bank of England, Westminster Abbey the Nelson column on Trafalgar Square and other notable structures are said to be in grave danger from the same cause."

American Federation of Labor

The convention of the American Federation of Labor warmed up again in Minneapolis Wednesday when the question of levying an assessment against the Federation in favor of the striking structural iron workers of the country came up. The matter was referred to the executive committee.

Frank M. Ryan, of the Structural Iron Workers, said 3,000 of his men were out at present, and that their ranks were being added to. He said most of the men had been on strike for sixteen months, and that there was urgent need of funds for carrying on the fight, asking for an assessment of 4 cents from each member of all bodies affiliated with the National Federation.

It developed that some international unions would be unable to bear increased burdens. James M. Lynch, speaking for the International Typographical Union, said his organization was paying out \$31,000 a week for strike benefits, and he did not see how his members could bear any further burdens.

The action of the Iowa Federation of Labor in condemning Judge Smith McPherson, of the United States court, for his action against striking machinists of the Santa Fe Railroad, was sustained by the convention.

Fortunate Missourians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Cough and Cold Cure. One was a young man from Arizona, and after using New Discovery a short time he found it unnecessary to go to the doctor. The other two were the most wonderful medicine in existence. The Sore Throat and Cold Cure and Throat and Lung Cough and Cold Cure. Guaranteed by E. S. Leadbeater & Sons, Druggists, 500 and 501. Trial bottle free.

Attacks Duke Divorce.

The divorce secured in the Court of Chancery of New Jersey by James B. Duke, the millionaire tobacco magnate, was attacked in Trenton, N. J., yesterday in the Court of Errors and Appeals at the instance of the defendant in the litigation, Mrs. Lillian B. Duke, who appealed to the higher tribunal after her denial of unfaithfulness and her counter-charges against the husband had failed to prevent the annulment of the marriage so soon after the wedding day.

Mrs. Duke's ground for attacking the divorce, outlined by her counsel yesterday, was lack of jurisdiction, she claiming that Mr. Duke is a resident of New York and not of New Jersey. According to the contention of Mrs. Duke, the million-dollar mansion and grounds of equal magnificence which Duke established at Somerville, near Trenton, merely constitute a summer resort for him and a place where he can spend an occasional week-end or Sunday. Her lawyers said that following the Duke wedding "at-home" cards were issued giving New York as the couple's place of residence, and that the metropolitan city was Mrs. Duke's place of abode, and that where a man's wife lived was that man's home.

Counsel for the case and insisted that Mrs. Duke was a resident of New Jersey, Somerville being his voting place and his legal home. His residence there, it was contended, was kept open all the year round. Decision was reserved.

FINANCIAL

Look Into the Future

IS A WISE PRECAUTION.

You will find that men who have made their mark in life and attained the greatest measure of success were individuals that were far-sighted. They knew the advantages to be derived by the judicious saving of part of their earnings. Why not follow the footsteps of the successful and open up a Savings Account with a reliable institution like this?

You will be developing many good traits of character and at the same time your money will be earning something for you, as we pay 3 PER CENT. INTEREST COMPOUNDED on all savings accounts. Why not open the account today and provide for the future? There is no telling what's in store for you when you open an account of this kind, for the account may in time develop into quite a sum and prove a great help to you in your undertakings and place you in position to take advantage of some business proposition that will lead to financial success and independence. No man is more independent than the fellow with money. No deposit is "too small" for us. We solicit your account, however small the amount, and we promise uniform treatment to all patrons of this institution. CALL TO SEE US.
